INDEX TO VOLUME VII.

PAGE

ABDOMEN, gunshot wounds of, hæmorrhage from mesenteric vessels - - - 4
— — — perforation of bowel - - - 4
— loss of abdominal reflexes in affections of - 320
— right upper quadrant, diseases in - - 343
— rigidity of - - - - - - - - 320
— segmental hyperæsthesia - - - - 321
— unusual gunshot wound of - - - 543
Abdominal diseases - - - - - - 343
— symptoms, acute, without intra-abdominal lesion .. - - - - - - 549
— viscera, danger of overlooking wounds of - 4
Abdomino-thoracic gunshot wound; diaphragmatic hernia of stomach - - - 539
Absorbent dressing for wounds, advantage of - 108
Acute abdominal symptoms without intra-abdominal lesion - - - - - 549
Aluminium as cause of gas cyst - - - 293
Amputations, partial, of foot, end-results and capacity for work - - - 327, 332
— — — objections to - - - - - 327
— treatment of periosteum in - - - 217
Anæsthetic, choice of, in cranial surgery 53, 73
— in gunshot wounds of head - - - 278
— for injection of alcohol into Gasserian ganglion - - - - - - - 516
— for intrathoracic operations - - - 450
— local, in brain surgery, advantages - 73
— — — — technique - - - - - 74
— for operation on thyroid - - - - 208
ANDERSON, MAJOR WILLIAM: Contusion of arteries - - - - - - - 95
Aneurysm, subclavian, excision of - - - 390
— — traumatic, ligature of subclavian and vertebral arteries - - - - 438
Ankle, amputations at, objections to - - 331
Ankle-joint, gunshot injuries of - - - 160
— — — infection and repair in - - - 316
Anti-gas serum in cranial surgery - - - 53
Antiseptic treatment - - - - - - 109
Antiseptics, amount of albumin in exudate after use of - - - - - - 121
— — exudate after use of - - - - - 119
— bactericidal action *in vivo* - - - - 122
— chemical and physiological, action of and history - - - - - - - - 99
— effect on antitryptic power of exudate - 125
— leucocytes in exudate - - - - - 122
— physiological action in wounds - - - 117
— in prophylactic treatment of wounds - 127
— tables of inhibitory power on growth of bacteria - - - - - - 109, 110
Aorta, penetration by bullet - - - - 3
Appendicitis as cause of gastric and duodenal ulcers - - - - - - - - 397
— chronic, simulated by effects of mobile ascending colon - - - - - - 363
Appendix dyspepsia - - - - - - 397
— infantile appearance of - - - - - 369
Army Medical Collection at Royal College of Surgeons of England, face and spine injuries - - - - - - - - 55
— — — — — — — — injuries of long bones showing processes of infection and repair 302
— — — — — — — — — — — — types of fracture 149
Arteries, contusion of - - - - - - 95
— — conditions for ligature - - - - 98

PAGE

Arteries, contusion of, diagnosis and treatment 97
— — mechanism of production - - - 95
— — pathological anatomy - - - - 95
— — primary ligation in smaller vessels - 98
— — Tuffier's tubes or Sencert's venous grafts for - - - - - - - - - 98
Astragalus, gunshot injury of - - - - 162
Atlas vertebra, fracture of - - - - 407
— — — bibliography - - - - - 420
— — — diagnosis - - - - - - 419
— — — symptoms and signs - - - 417
— — — treatment - - - - - 420
— — mechanism of fracture - - - 414
— — site of fracture of the atlas ring - - 414
— — twenty-five cases of complicated fracture of - - - - - - - - 411
— — twenty-one cases of isolated fracture of - 409

BACTERIA, action of blood serum on - 101
Baghdad boil, histological resemblances to epithelioma - - - - - 487
Bile-duct, common, cyst of - - - - 520
— — — analysis of recorded cases - - 523
— — — operations for - - - 521, 523
— — — symptoms of - - - - - 522
Biliary crisis with mobile ascending colon 360, 361
Biographical Notes:—
Sir Anthony Carlisle - - - - 147
Sir Philip Crampton, Bart. - - - 299
Joseph Henry Green - - - - 7
John Hilton - - - - - - - 435
B.I.P.P. pack for gunshot wounds of the brain 75
— treatment of wounds - - - - - 100
Bladder retractors, Thomson Walker's .. 531
Blood serum, alkalinity reduced in gas gangrene 101
— — antitryptic power retards growth of bacteria - - - - - - - 101
— — effect on bacteria in wounds - - - 101
Blood-vessels, large, penetrated by bullets - 3
Bone, absorption of - - - - - - 219
— 'butterfly' type of fracture of - - - 167
— formation, new, in fractures - - - 213
— — — in osteomyelitis and infantile scurvy 212
— grafting, absorption of bone after - - 219
— — action of periosteum in - - - 214
— — boiled and autogenous grafts compared 227
— — — bone for grafting vertebræ - - 241
— — bridging of skeletal gaps - - - 228
— — causes of failure - - - - - 239
— — changes in the graft - - - - 217
— — clinical use of boiled bone - - - 237
— — essentials for successful - - 233, 240
— — experimental study of methods - - 234
— — experiments - - - - - - 211
— — — details of seventy - - - - 242
— — external autogenous plate - - 234, 242
— — in fractures of the mandible - - - 235
— — — ulna and radius - - - 235, 236
— — heterogenous or boiled bone, changes in 241
— — inlay method of Albee - - 235, 242
— — law of Wolff - - - - - - 220
— — medullary graft - - - - 233, 242
— — methods of inserting grafts for non-union - - - - - - 232, 234
— — safe interval after injury - - - 238
— — transplantation of boiled bone into muscle - - - - - - - - 222
— — — heterogenous bone into muscle - 220

PAGE

Bone grafting, transplantation of, homogenous and autogenous grafts compared 236, 241
— — — into muscle - - - - - - 217
— — — sepsis and - - - - - 239
— — — into skeletal gaps - - - - 222
— — for ununited fractures - - - 232, 241
— — use of boiled bone for bridging gaps 230, 241
— repair of - - - - - - - - - 211
— — structure and function of periosteum 211, 240
— restoration after subperiosteal resection of 215, 240
— surgery, etiology, mechanism, and classification of gunshot injuries - - - 16
— tumours of, resection in - - - - 217
— type of perforation injury by missile - - 167
Bones, long, gunshot injuries of - - - 149
— — processes of infection and repair in - 302
Bowel, perforation by gunshot wound - - 4
— resection for gunshot wound of - - - 4
Brachial monoplegia and traumatic subclavian aneurysm - - - - - - - 438
— neuritis produced by abnormal first rib - 168
— plexus compression by first dorsal rib - 168
— — — — — — differential diagnosis - 175
— — — — — — etiology - - - - 173
— — — — — — operation for - - - 175
— — — — — — symptoms - - - 173
— — — — — — treatment - - - 175
Brain, cerebral hernia and cerebral fungus - 276
— effects of gunshot injury on - - - 2
— — sepsis - - 262, 270, 274, 275, 276, 277
— extensive damage of - - - - - - 17
— foreign body in, method of treatment - 53
— gunshot wounds of (*see also* Cranium, Head, Skull) - - - - - - - 72
— — — after-treatment - - - - 76
— — — B.I.P.P. pack for - - - - 75
— — — cerebral hernia, treatment of - 53, 76
— — — cerebritis - - - - - - 87
— — — drainage - - - - - - - 75
— — — Ferguson's apparatus and foreign body 75
— — — local anæsthesia in, advantages of - 73
— — — — — technique of - - - - 74
— — — necessity of hæmostasis - - - 75
— — — open-flap method of treatment, objections to - - - - 76
— — — operative technique - - - 74
— — — retained bone fragments, prognosis - 75
— — — — projectile, prognosis - - - 75
— — — search for foreign body or bone fragments - - - - - 75
— — — suture of scalp - - - - - 75
— — — *x*-ray technique in - - - 72, 276
— hernia - - - - - - - 18, 19
— — or fungus, treatment of - - 53, 76
— lesion in fracture of skull - - - - 268
— — head injuries without fracture - - 266
— referred pain in eye from occipital dura in injuries of - - - - - - 269, 281
— surface topography of ventricles - 270, 288
— surgery, value of efficient nurses in - - 17
Braithwaite, L. R.: Excision of a subclavian aneurysm - - - - - - - - 390
Brilliant-green as antiseptic - - - 100, 109
Brown, Capt. A. E., and Newton, Capt. Alan: A study of gunshot wounds of the brain 72
Bullets (*see also* Missiles)
— curious positions of - - - - - - 4
— penetrating large blood-vessels - - - 3
— wandering track of - - - - - - 4
Buttock, wounds of, danger of overlooking abdominal injury in - - - - - 4

CALLUS, nature of, in gunshot injuries of bones - - - - - - - - - 319
Carbolic acid as antiseptic - - - 99, 109
Carlisle, Sir Anthony, biographical notes of 147

PAGE

Carrel's antiseptic method - - - - - 99
Carpus, uncommon injury of - - - - - 546
Cerebellum, injury of - - - - - 14, 16
Cerebrospinal fluid in gunshot wounds of head 274, 277, 278
Chest, method of anæsthesia for operations on 450
— pathological changes caused by projectiles within - - - - - - 445
— principles and details of operations for retained projectiles - - - - - 449
— surgery of (*see also* Mediastinum)
— — after-history and results of operation - 465
— — Duval's forceps in - - - 460, 463
— — — open operation for retained projectile 457
— — emphysema after open operation for retained projectile - - - - - 462
— — 49 cases operated on for retained projectile - - - - - - - 467

— — indications for operation for retained projectile - - - - - - 453
— — Le Fort's flap operation - - - 464
— — Marion's operation for retained projectile 456
— — open pneumothorax, advantages of - 449
— — operations upon the mediastinum - 464
— — — the root of the lung - - 462, 465
— — Petit de la Villéon's operation for retained projectile - - - - 454
— — — — — on the root of the lung 463, 465
— — respiratory distress ofter open operation for retained projectile - - 462
— — for retained projectiles - - - 444
— — risk of wounding opposite pleura in open pneumothorax - - - - - 449
— — separation of pleural adhesions - - 450
— — the use of *x* rays during operation - 452
— — *x*-ray examination before operation on 453
— symptoms caused by retained projectiles - 447
Children, morbid effects of mobile ascending colon in - - - - - 349, 363, 371
Chloramine-T, rate of destruction in a wound 119
Chloroform anæsthesia, dangers of - - - 450
Chopart's amputation, objections to 327, 329, 333
Clavicle, gunshot injuries of - 164, 165, 166
— — — infection and repair in - - - 317
'Claw' fingers in compression of brachial plexus by first dorsal rib - - - 169
Colic, biliary, and mobile ascending colon - 361
Colitis, mucous, and mobile ascending colon - 363
Colon, ascending, abnormalities of - - - 346
— — anatomical relations of - - - 344
— — function of - - - - - - - 346
— — local mechanical effects on other viscera 350
— — mobile, biliary type of pain with - 360
— — — in children - - - 349, 363, 371
— — — and constipation - - - - 354
— — — duodenal type of pain with - - 356
— — — — ulcer and - - 344, 350, 360, 364
— — — formation of a gastric ulcer in case of 366
— — — gastric pain with - - - 354, 359
— — — and gastric ulcer 343, 350, 351, 359, 364, 366
— — — general clinical characteristics - - 354
— — — intestinal stasis - - - - - 370
— — — morbid consequences of, with a record of 180 operations - - 343
— — — movable kidney and 344, 350, 354, 355
— — — and mucous colitis - - - 363
— — — operation, after-treatment - - 368
— — — — results of - - - - - 369
— — — — technique - - - - - 366
— — — and pain in right iliac fossa - - 363
— — — record of 180 operations - - - 372
— — — and renal crises - - - - 362
— — — symptoms absent or masked in childhood - - - - - - 349

PAGE

Colon, ascending, mobile, toxic end-products resulting from - - - - - 370
— — — *x*-ray examination - - - - 355
— — normal fixation of - - - - 344
— hepatic flexure, prolapse of - - - 351
— splenic flexure, prolapse of - - - 351
Constipation and mobile ascending colon - 354
COPE, V. Z.: Acute necrotic parotitis - - 130
CRAMPTON, SIR PHILIP, BART., biographical notes of - - - - - - - 299
Cranial chamber, wounds traversing - - 45
— surgery, after-treatment - - - - 53
— — treatment of brain fungi - - 53, 76
Craniocerebral wounds, classification of - - 77
— — conclusions regarding - - - - 94
Cranio-cerebro-facial injuries - - - - 43
Cranium (*see also* Brain, Head, Skull)
— bursting fracture of, lumbar puncture in 52
— cerebellar injury, headache in - - - 14
— compound fracture, abscess in frontal region 15
— effects of gunshot wounds - - - 2
— foreign body in - - - 15, 53, 75
— fractures, bone fragments in brain 16, 18, 75
— — depressed, with dura punctured - - 13
— — hernia of brain - - - - 18, 19
— — operative measures - - - - 52
— — risk of incising intact dura - - - 12
— — serious hæmorrhage - - - - 13
— — and sinus injury - - 13, 15, 27, 75, 92
— — value of early operation - - - 54
— — — of open method of treatment 17, 22, 53
— — in war, gas infection in large percentage 54
